

Recipe Cookies

Ingredients:

Ingredient	How much
Egg	1
Flour	200 gram
Cocoa powder	80 gram
Butter	100 gram
Salt	1 pinch
Sugar	80 gram

Step by Step instruction:

Step 1	First, you must add 100 gram butter. Then you must stir the butter for about 1 to 2 minutes.
Step 2	After you stirred your butter, add one raw egg and mix it together.
Step 3	While you are mixing it together, add 80 gram of cocoa powder, 200 gram of flour, 80 gram of sugar and a pinch salt.
Step 4	Mix it together until its looks like this: 
Step 5	Now take the dough and knead it until it looks like this: 
Step 6	Take the dough and put it in the fridge for 2 hours.
Step 7	After 2 hours, you must take the dough out of the fridge. Now you can start to cut it in forms.
Step 8	While you are cutting the dough into forms, you can turn on the oven to 200 degrees ambient air.
Step 9	Now you can put the forms into the oven for only 5 minutes.
Step 10	After 5 minutes you can take the forms out of the oven and let it cool down.
Step 11	Now you can enjoy your cookies.
